

PRODUCT INFO SHEET

HDMI V2.0/ HDMI V2.0 PREMIUM

These HDMI v2.0 cables are engineered to meet the demanding requirements of modern devices, ensuring superior performance and reliability. With support for resolutions up to 4K Ultra HD at 60Hz, you can enjoy stunningly sharp and vibrant visuals with exceptional color accuracy and clarity.

With increased bandwidth capacity up to 18 Gbps our cables ensure smooth and seamless transmission of high-quality audio and video without compression loss. HDMI v2.0 also supports wider color spaces and improved audio formats like DTS-HD Master Audio and Dolby TrueHD, delivering immersive and true-to-life sound.

- 18 Gbps
- High speed with Ethernet
- Supports 4k@60hz
- Simple plug and play design
- Supports YUV4:4:4
- High dynamic range
- Optimized audio performance
